PERSONAL PROFILE

My desire to help people has taken me on a lot of different paths professionally. I've worked with languages, nannied, cared for the elderly, and worked for an organizing company. My love for learning languages and problem solving drew me to software development where I am excited to continue helping people, learning and solving problems.

TECH SKILLS

C# | ASP.Net | MVC | SQL | React | Javascript |HTML | CSS | Reactstrap | Bootstrap

PROJECTS

TRAVEL KEEPER

Capstone project using **React** where users can record a trip with multiple locations, accommodations, activities, transportation and travelers. Utilized modular coding, **JSON, NPM, Webpack, HTML5, CSS3, React.js,** and **Reactstrap.**

github.com/laurenelizamax/Travel-Keeper

SHELVED

Full stack capstone project using **ASP.Net** and **MVC** with **Entity** and **Identity**. Users can keep track of books, cds, and movies that they own, their wish list, watch list, and viewed list.

github.com/laurenelizamax/Shelved

GREEN MONKEYS

Group projects using full **.Net MVC Core** Front end with an **ADO.Net** back-end. Built out a **.NET Web API** that makes each resource in the database available to application developers. Implemented **Entity** and **Identity** Frameworks.
